Creating a path to university and beyond

Wondering whether university is right for you?

University is a big decision - there are so many things to consider. It's not just a case of whether you'll fit in and make new friends. You also need to decide what subject to study and where. And alongside that, explore where you might live, student financing and a host of other aspects.

"I found out about sociology whilst attending a taster day and it's the best thing that has happened to me really. I'd never have thought of that before."

First year Sociology student at
UWE Bristol

But despite this, many UWE Bristol students say it's the best thing that's happened to them. As well as studying a subject they are passionate about with an inspiring bunch of people, a degree has helped them pursue their dreams.

Perhaps this could apply to you too?

If you have the potential to go to university, UWE Bristol has developed a scheme, which will help you gather all the information you need to make the right decision.

You'll be supported to do and reflect on activities that are tailored to your needs. And in the meantime, you'll get exclusive access to events, employment opportunities and earn valuable UCAS points.*

Interested?

Ask your tutor whether you meet the requirements.

* 12 UCAS points towards a degree course, or 6 UCAS points towards a foundation degree or foundation year.
