

External Examiner Allocation to Modules

External examiners are auditors of the [Assessment and Feedback Policy](#) and are unable to enter into discussion with regard to any individual cases and should therefore not be contacted by students in any circumstances. Any concerns should initially be addressed to your module leader.

If you would like to find out which external examiner is appointed to a module as well as their institution and job title, please contact Student and Academic Services on externalsreport@uwe.ac.uk. As noted external examiners should not be contacted and any concerns should be addressed as detailed above.

To view the External Examiner annual report for a module(s), please contact Student and Academic Services on externalsreport@uwe.ac.uk who will be able to provide you with a copy. Further information about the responsibilities of External Examiners can be found in the [External Examiner Operational Guide](#).
