

Our business is backed by electricity generated from renewable sources.

We certify that University Of The West Of England
has 100% of its electricity supply from EDF Energy
backed by UK Renewable

1st April 2019 – 31st March 2020

Rich Hughes
Director of Sales and Marketing

All source certification meets GHG Protocol Scope 2 Guidance Quality Criteria. This is not a REGO certificate. REGO certificates are held by energy suppliers for Fuel Mix Disclosure. The low carbon electricity that we buy for Renewable tariffs and products is supplied into the National Grid. Customers receive that electricity through the National Grid, not directly from low-carbon generators.
