

FRENCHAY TOUR

Welcome to UWE Bristol

**Everyone and everything here shares a single purpose:
to give you the best learning experience.**

It's all here for you

With over 30,000 students studying with us here in Bristol or at our partner universities overseas, we're one of the UK's most popular universities. We work across industry to identify skills shortages, develop courses and provide work opportunities for our students. With one of the largest paid internship programmes in the UK, we arranged over 9,000 industry placements in 2017/18.

Focused firmly on your future

Everything we do here focuses on your future career. Courses designed to meet industry needs? Work experience? We have that covered. We create a real-world learning experience so that you leave us as an adaptable, well-rounded, career-ready graduate.

11th

in the UK for undergraduate
student satisfaction.

THE COMPLETE EXPERIENCE

Today is your chance to explore Frenchay Campus and get a feel for student life here. It'll probably take about an hour to cover the route, but if you fancy stopping for a cuppa or exploring further, you'll need a bit longer. We hope you enjoy the tour.

-  **N, Q and R Block** Faculty of Environment and Technology
-  **Bristol Business School** Faculty of Business and Law
-  Student accommodation

LET'S GO

Make your way to the Bristol Business School (X Block) where the tour will start.

- 1 In the Business School, visit our Bloomberg Financial Trading room, showcase law courts, Business Advice Clinic and Team Entrepreneurship spaces.
- 2 Come out of the Business School and you'll see our Students' Union building on your right. This is the home of over 180 sports and societies. Behind this is the Exhibition and Conference Centre and the new £16.5 million West of England University Enterprise Zone (UEZ).
 - Standing with your back to the Students' Union, walk up the path that slopes upwards. To the right, we're building a new state-of-the-art Engineering building due to open in summer 2020. Go straight ahead and cross the road at the end and head right. Follow this road and bear left at the end where you'll see S Block on your right.
- 3 S Block houses the Departments of Arts and Cultural Industries as well as Education and Childhood.
 - Turn right out of S Block. Walk round the side of the building and you'll see the Centre for Music across the car park. Love music? Pop in and find out more.
 - Retrace your steps back to S Block, then go down the steps into B Block, which is used by the Department of Health and Applied Sciences.
 - Follow the main corridor and you'll pass through The Forum Learning Zone where students have access to PCs for individual study or have group meetings.
 - Pass The Grill restaurant and further down the corridor go through the exit doors to the right which take you outside. Follow the wide steps down to the entrance of L and A block.

- 4 Many of our Social Science and Science courses are taught here. Our labs in L, K and J Block have recently undergone a multimillion pound refurbishment.
 - Turn into L Block and carry on walking straight ahead through another set of doors until you reach the exit doors of the building.
 - Exit L Block and walk across the courtyard passing the main Information Point on your left. Staying to the left, enter the building alongside the Information Point taking you into the covered corridor of E and D Blocks. On the right are cash points and during term time a fruit and veg stall. The exit doors half way down the corridor lead to the Students' Union shop. Opposite is N Block, which houses Environment and Technology, Engineering, Maths and Creative Technologies teaching spaces.
 - Back in the corridor on the left you can take the lift or stairs and head up one level.
 - You're now in the D Block foyer. To your left is the Employability and Enterprise Zone where you can access a range of support and careers resources.
 - To your right is the main entrance to the Library (D Block). Frenchay Library is open 24/7 in term time.
 - From the double doors by the Library you'll see the Community Hub. This is a quiet space where you can relax, study or meet friends.
- 5 Back in the D Block foyer, opposite the Library, is Onezone, the main student refectory.
 - From here you can visit the Maths Hub. Take the stairs or lift up to Level 3. Turn right and you'll see the Maths Hub study area and teaching rooms. Take the stairs or lift back down two floors into the covered corridor.

- The main campus Information Point is to your right. From here, head straight along the corridor until you reach the double doors at the end. Go straight ahead up the steps or ramp and follow the path with orange handrails.
- 6 On your left is Q block, which houses the teaching spaces for the Faculty of Environment and Technology including Creative Technologies and Geography, Planning and Environmental Management. Inside staff and students will be working on new concepts and developing prototypes using the latest technology and simulation equipment.
 - 7 Follow the path along and on your left you'll see our eco-friendly, award-winning Architecture and Built Environment building (R Block). This is home to an impressive suite of technology including integrated studios for computer-aided design (CAD) and architectural modelling resources.

Follow the path that slopes down to the left, and you'll reach our Frenchay student village where more than 3,000 students live.
 - 8 Turn right, and look left between the accommodation buildings, and you'll see the Centre for Sport. This £5.5 million facility caters for all abilities and competitive natures. Come in and get a taste of what you can get involved in.
 - 9 From the Centre for Sport, turn right and head back to the Business School where you started. Pop in and see us at reception if you have any questions.
