

FRENCHAY TOUR

Welcome to UWE Bristol

**Everyone and everything here shares a single purpose:
to give you the best learning experience.**

It's all here for you

With over 35,000 students studying with us here in Bristol or at our partner universities overseas, we're one of the UK's most popular universities. We work across industry to identify skills shortages, develop courses and provide work opportunities for our students. With one of the largest paid internship programmes in the UK, we've arranged over 11,000 internships and work placements since 2010.

Focused firmly on your future

Everything we do here focuses on your future career. Courses designed to meet industry needs? Work experience? We have that covered. We create a real-world learning experience so that you leave us as an adaptable, well-rounded, career-ready graduate.

No. 1

Bristol was named best place to live in Britain in 2017.

THE COMPLETE EXPERIENCE

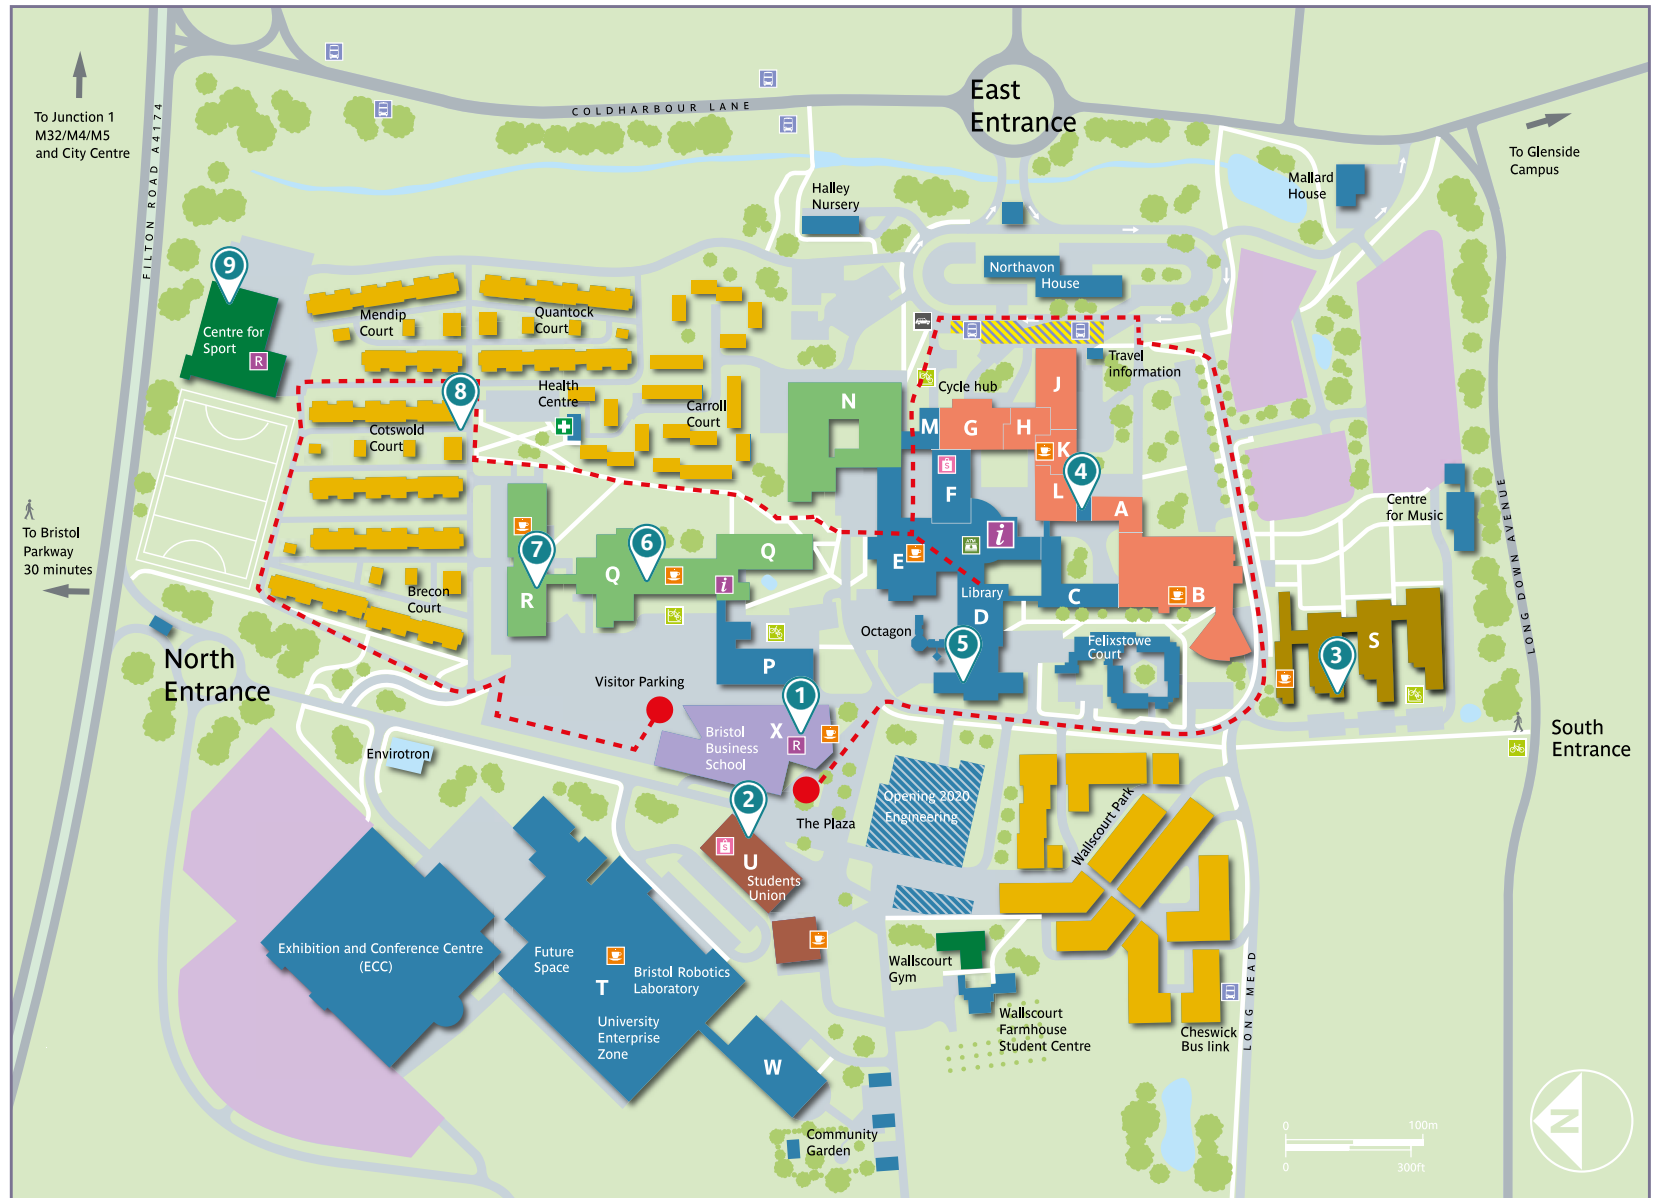

Today is your chance to explore Frenchay Campus and get a feel for student life here. It'll probably take about an hour to cover the route, but if you fancy stopping for a cuppa or exploring further, you'll need a bit longer. We hope you enjoy the tour.

-  **N, Q and R Block** Faculty of Environment and Technology
-  **Bristol Business School** Faculty of Business and Law
-  Student accommodation
-  The Students' Union
-  Centre for Sport

LET'S GO

- Make your way to the Bristol Business School (X Block) where the tour will start.

 In the Business School, visit our Bloomberg Financial Trading room, showcase law courts, Business Advice Clinic and Team Entrepreneurship spaces. And if you fancy a cuppa or snack, why not take a break at our fabulous Atrium café.

 Come out of the Business School and you'll see our Students' Union building on your right. This is where you can get involved in over 180 sports and societies. And behind this is the Exhibition and Conference Centre and the new £16.5 million West of England University Enterprise Zone (UEZ), one of only four in the country.

- Standing with your back to the Students' Union, walk up the path that slopes upwards. To the right, we're building a new state-of-the-art Engineering building due to open in June 2020. Go straight ahead and cross the road at the end and head right. Follow along this road and bear left at the end where you'll see S Block on your right.

 You'll arrive at S Block which houses the Departments of Arts and Cultural Industries as well as Education and Childhood. We're one of the largest providers of Initial Teacher Training and continuing professional development in the region.

- Leaving S Block, keep to the pavement on the left passing a black and white 'B Block' sign. This is used mainly by the Department of Health and Applied Sciences.

 Many of our Social Science and Science courses are taught here. Our labs in L, K and J Block have recently undergone a multimillion pound refurbishment, so you can be sure the equipment you use is just like in the real world.

- Follow the pavement downhill, turn left and walk past the bus stops and taxi rank.

- Cross over a mini zebra crossing at the end of the road and bear left up the tree-lined slope and go straight ahead to the heart of campus. You'll find N Block on your right which houses Environment and Technology, Engineering, Maths and Creative Technologies teaching spaces.

- Pass the Students' Union shop on your left.

- Next go through the double doors ahead of you and turn left, then quickly turn right into E Block and take the stairs or lift up one level.

- You're now in the D Block foyer. To your left you'll see the Employability and Enterprise Zone where you can access a wide range of support and careers resources.

- To your right you'll find the main entrance to the Library (D Block). Frenchay Library is open 24/7 in term time.

- From the double doors by the Library you'll see the Community Hub. This is a quiet space where you can relax, study or meet friends. You can also explore faith and spirituality here through the various events on offer.

 Back in the D Block foyer, opposite the Library, you'll see Onezone, the main student refectory. You're probably about half way now so if you fancy a break and something to eat or drink, this is a good place to stop.

- From here you can visit the Maths Hub. Take the stairs or lift up one level to Level 3. Turn right when entering the corridor, and then you'll see our new Maths Hub study area and teaching rooms. Take the stairs or lift back down one floor into the covered corridor.

- The main campus Information Point is to your right if you need it. You'll have access to all the support you need.

- From outside the Information Point, head straight along the corridor until you reach the double doors at the end.

Go straight ahead up the steps or ramp and follow the path with orange handrails.

 On your left you'll see Q block, which houses the teaching spaces for the Faculty of Environment and Technology including Creative Technologies and Geography, Planning and Environmental Management. Inside staff and students will be working on exciting new concepts or testing and developing prototypes using the latest technology and simulation equipment.

 Follow the path along and on your left you'll see our eco-friendly, award-winning Architecture and Built Environment building (R Block). This is home to an impressive suite of technology including integrated studios for computer-aided design (CAD) and architectural modelling resources.

 Follow the path that slopes downwards to the left, and you'll reach our Frenchay student village where more than 3,000 students live. A great choice if you would like to be close to lecture theatres, the Library, computer rooms, The Students' Union and Centre for Sport.

 Turn right, and look left between the accommodation buildings, and you'll see the Centre for Sport. This fantastic £5.5 million facility caters for all abilities and competitive natures. Come in and get a taste of what you can get involved in. In addition, we also have multi-sports pitches at Hillside Gardens near to Campus.

- From the Centre for Sport, turn right and head back to the Business School where you started. Please pop in and see us at the reception if you have any questions before you head home.
