

GLENSIDE TOUR

Welcome to UWE Bristol

Everyone and everything here shares a single purpose:
to give you the best learning experience.

It's all here for you

With over 35,000 students studying with us here in Bristol or at our partner universities overseas, we're one of the UK's most popular universities. We work across industry to identify skills shortages, develop courses and provide work opportunities for our students. With one of the largest paid internship programmes in the UK, we've arranged over 11,000 internships and work placements since 2010.

Focused firmly on your future

Everything we do here focuses on your future career. Courses designed to meet industry needs? Work experience? We have that covered. We create a real-world learning experience so that you leave us as an adaptable, well-rounded, career-ready graduate.

95%

of UWE Bristol Allied Health Professions graduates are in work or further study after six months.

THE COMPLETE EXPERIENCE

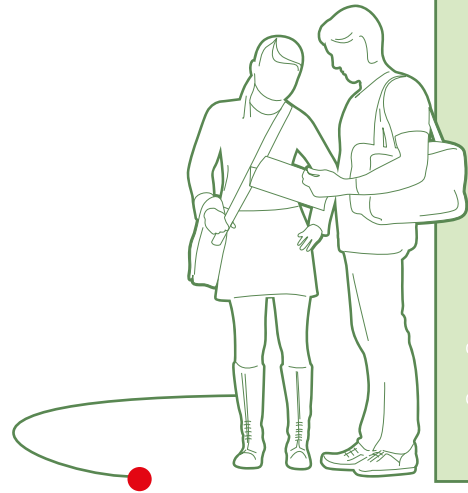

Today is your chance to explore Glenside Campus and get a feel for student life here. It'll take less than an hour to cover the route, but if you fancy stopping for a cuppa or exploring further, you'll need a bit longer. We hope you enjoy the tour.

GLENSIDE CAMPUS MAP

Key

- Route around the campus
- Things to look out for
- Reception and Information Point
- Building entrance
- Café
- Bus stop
- Cycle parking
- Cycle path
- Student accommodation
- The Students' Union

LET'S GO

- Head towards the Main Reception/Information Point where your tour begins. This is also where you can collect a parking permit if you've driven.
- With your back to the Information Point, exit the building and walk straight ahead along the path and turn left at the end. Follow the path up and you'll see grass either side of you. The Students' Union building is ahead of you.
- The Students' Union at UWE Bristol hosts a wide range of events and activities for you to take part in including quizzes and comedy nights. Come in and meet us.
- From The Students' Union walk towards the main building using the footpath opposite and signposted Library.

Go through automatic doors and you'll find the Library.

- Take the lift outside the Library's main entrance up one floor (to level two).
- Turn left, go down the ramp into the corridor of E Block. Along this corridor you'll find our Hospital Ward Simulation Suite and Birthing Room.

We have replica wards, consultation rooms, a maternity unit, and the Princess Campbell Childrens' Nursing Simulation suite. Everything here is genuine equipment just like in NHS hospitals from the flooring to beds, wash rooms and birthing pools.

To see inside these fantastic facilities visit our website uwe.ac.uk/ourfacilities.

- At the end of the corridor continue to G Block through the door marked 'G', then take the stairs or lift down one level. Turn left and then first right through the covered walkway towards H Block.
- As you approach H Block you'll enter the Learning Zone, where you'll find IT suites and an IT helpdesk.

This is also where you'll find our Virtual Environment Radiotherapy Training (VERT) room. Inside is our life-size 3D equipment, complete with patient and linear accelerator. Our students use this fantastic resource to practise delivering radiotherapy.

- Further down on your left is a corridor. Go along here and you'll come to our new £5 million Optometry and Clinical Skills Centre on your right in the former Grade II-listed NHS laundry.

Take a look around and then retrace your steps back to the main corridor.

- To your right is Glenside Hub and Coffee Pod. You're probably about half way now and so feel free to grab a drink or something to eat.
- Exit through the doors to the right. Turn left and follow the corridor to the end, passing Accommodation Services on your right and out the door.
- Head out into the courtyard and you'll see some of our student accommodation directly in front of you along with another simulation suite.

Want to be a Paramedic? We have our own fully equipped paramedic ambulance tucked away securely in a garage on campus.

You'll also get to practise your response and community skills alongside our Forensic Science students at our crime scene house, also located on campus.

- Retrace your steps, entering the building using the Porters Lodge entrance on your right, and head back along the corridor to the Learning Zone.
- With your back to the Learning Zone turn right and go through the covered walkway before turning left at the end towards G Block.
- Through the next door you'll enter another covered walkway but this time take the external door to your left half way down.
- Follow the path round to the right. Block J and K will be to your far left. This is where our Allied Health Professions courses are based.
- Follow the main pathway alongside the main campus. You'll see more student accommodation and the imposing Clock Tower overlooking the square outside the library. Turn around and walk back to the Information Point passing the Students' Union on your left.

More accommodation is available opposite campus at The Hollies. It's just a few minutes' walk from Fishponds high street putting you in the ideal position to enjoy the many local shops, bars and cafés.

- You should now be outside the Information Point where you started the tour. Please pop in and see us if you have any questions.
