### **Broadcast**

Dr Kieran McCartan (FBL) was interviewed by Rebecca Rooney, BBC Radio Wiltshire the Drive Time show about changing attitudes towards sexual abuse.

Professor Alan Winfield (FET) was interviewed by David Shukman for the BBC 10 o’clock news about robotics.

Dr Chris Alford (HAS) was interviewed by BBC Radio Bristol looking at the results of a recent study suggesting that we have a technological umbilical cord to our jobs, working longer hours, checking smart phones constantly leads to disrupted sleep. The research found 31% admitted to getting one with work after waking up and being unable to go back to sleep.
