Psychology:

Did you help a member of staff who fell off her bike?

Julie Molloy, a member of staff, unfortunately fell off her bike and fractured her arm on Wednesday 16 May at the pedestrian crossing by Abbeywood Retail Park.

Fortunately one of you came to her aid! The student, believed to be studying psychology, helped Julie walk back to Frenchay Campus. She pushed her bike for her and chatted to her about her studies and the Bristol Bike project which really helped to take her mind off of the pain.

Julie would really like to thank the student who helped her, so if this was you please let us know on studentcomms@uwe.ac.uk and we'll put you in touch!
