Description

IADT Dublin is Ireland's only institute of art, design and technology. It has a specific focus on the creative cultural and technological sectors. It is alive with ideas, innovation and entrepreneurial activity. On the campus are many services, such as a high-quality library, as well as a careers centre, student counselling, a health centre and many more.

Surrounding Area

IADT is located in Dún Laoghaire, a suburban coastal town 20 minutes from Dublin. Dublin is Ireland's capital and largest city, with a population over 1.2 million. It is a historical and contemporary centre for education, the arts, administration, economy and history. It has a significant literary history—producing several Nobel laureates. Dún Laoghaire itself is most popular for the strolls on the East Pier.

Accommodation

IADT does not offer student accommodation—students will need to find accommodation in the private sector.
