The ESRC seminar series explores the governance of health and planning: what are the key features of governance and policies to ensure the reuniting of health and planning priorities?

**HPHP programme of work:**
- Influencing government policy
- Links with national builders and developers
- Develop links with PINs
- Develop narrative for built environment, housing and health in PHE Health and Wellbeing Framework

The ESRC seminar series offers a forum for the healthy planning community of practice to discuss and identify a future agenda for research and capacity building.

**HPHP programme of work:**
- HPHP Develop HPHP stakeholders
- Work with PHE Centres and local PH teams
- TCPA briefing on Healthy Weight Environments
- Rollout of commissioned work
- Support local networks
- Housing & Homelessness

The ESRC series considers the delivery of a shared knowledge base between public health and planning sectors: what type of training should be made available to future generations of healthy planners and communities, who should deliver it?

**HPHP programme of work:**
- Guides to planning system
- NHS Webinar series on housing and planning
- PHE Conference seminar
- Sector led briefings on NPPF/ NPPG
- Promoting healthy eating through housing associations

**Leadership / Advocacy**

ESRC seminars discusses the nature and scope of public health evidence for spatial planning: who should supply health evidence to planners and what should be the coverage, scale and presentation of public health evidence to meet the needs of spatial planning?

**Evidence**

- Support development of, and access to the evidence base
- Develop alert systems
- Roundtable discussion of evidence
- Transport and health briefing
- Housing and health briefing
- Housing Associations and Healthy Eating Guidance

**Building Networks & Partnerships**

- HPHP Develop HPHP stakeholders
- Work with PHE Centres and local PH teams
- TCPA briefing on Healthy Weight Environments
- Rollout of commissioned work
- Support local networks
- Housing & Homelessness

- Guides to planning system
- NHS Webinar series on housing and planning
- PHE Conference seminar
- Sector led briefings on NPPF/ NPPG
- Promoting healthy eating through housing associations

The ESRC seminar series explores the implementation gaps in evidence, governance and knowledge: supporting Public Health England’s Healthy People, Healthy Places Programme.
