Engage with your programme

Start your learning

We would recommend you do the following before you arrive at UWE:

- If you are interested in pursuing a career as a sport and exercise psychologist, explore the Stage 2 routes through the [British Psychological Society](#) or the [British Association of Sport and Exercise Sciences](#).
- Attend the virtual 'getting to know you session'.
- Watch some sport and sports documentaries through the lens of a sport psychologist!

Read around your subject

A key skill which is required to achieve a high level of success within your chosen programme is the ability to think critically about key issues and practices. To help you to enhance these skills and be ready to engage with your studies, you should start to read and research around your subject before you arrive. Explore the [Library](#) web pages to see the wide range of resources available to you once you become a UWE Bristol student.

Here are some of our recommended titles for you to read, to be inspired by and to understand the scope of your degree programme:

- Keegan, R. (2016) *Being a sport psychologist*. London: Macmillan Education.
- Zenko, Z. and Jones, L. (2021) *Essentials of exercise and sport psychology: An open access textbook*.
