Get ready for MSc Engineering Management

On behalf of the team, we warmly welcome you into the MSc Engineering Management programme. We look forward into working with you throughout this challenging, yet rewarding, journey and we hope you find the programme enjoyable, engaging, and valuable towards your future career aspirations.

The instructions for enrollment and the details of your induction have been sent to your welcome website. In the meantime, we have provided some information below that will help you prepare for starting with UWE in September.

The MSc Engineering Management programme team look forward to meeting you soon.

Dr Zafer Ozturk

Programme Leader

Before you start

We are looking forward to welcoming you in the week commencing 14 September for the Starting Block and the beginning of your programme.

Starting Block will help you settle into the university, and help you get to know your teaching team and your course mates. We will help you find your way around, get used to the systems, and practise the needed skills to ensure a confident start. Look out for further emails and explore the Starting Block website with more details.

Once you start the enrolment process, your timetable will be available to you via MYUWE (login required). Please visit the 'Understanding your teaching timetable' website to find out when your timetable will be published.

Preparing and arrival

You can find everything you need to know about enrollment Starting Block and the start of teaching, on our Preparing and Arrival webpage. Take a look at UWE website to familiarise yourself with the facilities and services such as the library, study skills, academic support, health and wellbeing support and much more.

You can also explore our support for careers and enterprise**.** UWE Careers & Enterprise provides a range of workshops, appointments, and a huge range of online resources to support students in realising their future ambitions. The Careers Toolkit is our online portal to finding vacancies, booking onto events and accessing a range of resources.

Enrollment

Once you have satisfied all admissions requirements, we'll send you your login details for our IT systems to enable you to activate your university email account. Once your account has been activated, you'll gain access to the MYUWE platform where you can enrol. Note that your login details for MYUWE are different to those used for the UWE Welcome website. Enrolment for September programmes will only be open from August onwards. You can find guidance and further information on our Enrolment website.

ID card - upload your photo now!

We can only print your ID card if you have added your photo to MYUWE. To avoid delays, upload your photo as soon as you receive login details. For help, go to our student card guidance.

Engage with your programme

Start your learning

As part of the Strategic Analysis of Technical Operations module, you will explore how to align complex engineering workflows with high-level corporate strategy—a vital skill recognized by global firms looking for executive engineering leaders. To understand how organizations analyse their positioning and leverage operational strengths for competitive advantage in preparation for this module, please check: **Contemporary Strategy Analysis by Robert M. Grant (12th Edition).**

To start reading, please check this interesting list of e-books.

Module choices

Your choices for modules are key to tailoring your degree to fit your individual needs. An outline of the modules is given here. You may want to familiarise yourself with what is available and make some plans to discuss with us later.

Connect with others

UWE Engineering is active across a range of social media platforms, find us on:

- Twitter – Engineering at UWE
- Instagram – engineeringatuwe
- Linkedin – UWE-Engineering

Be prepared

Access support

Check the information on our Disability web pages so you know what you need to do. If you need any urgent additional mobility or other support to fully access all activities during your studies, contact me as your programme leader.

Get equipped

All the UWE campuses have computers for you to use during your studies. These provide access to our core digital learning tools and any specialist software required for your course. You may have scheduled sessions in computer labs or other specialist facilities, and you will be able to use open-access PCs for self-study.

UWE Bristol licenses many specialist software packages for use on personal laptops for the duration of your course.

If you're struggling to meet the financial demands of your course, please contact the Student Money Service team for advice and guidance.

See the UWE website for detailed information on choosing your IT equipment including recommended specifications.

The core software used in your course includes:

- Microsoft Project
- Simul8

These packages will run on Windows devices**.** We recommend that you have access toa device with the following minimum specifications: **Core Specification**.

Key Dates

Please note that attendance and engagement are both very important. If you are not able to attend particular sessions, please let us know in advance. You can find the term date information here but be sure to check your own timetable on MYUWE.

International students

The Global Student Support Team offer information and advice to ensure you receive all the support you need to get the best from your time at UWE Bristol. They are here to help you to settle in when you first arrive at UWE Bristol and organise social events to help you to adapt to your new environment.

Who to contact if you have questions

For any questions about the programme, please contact me: **Dr Zafer Ozturk** via email at zafer.ozturk@uwe.ac.uk
