Get ready for MSc Business with Supply Chain Management

I hope that you are looking forward to starting at UWE Bristol. As your Programme Leader, I warmly welcome you onto **MSc Business with Supply Chain Management**.

I have provided some information below that will help you to prepare for starting with us. I look forward to meeting you soon.

Dr Linh Duong
Programme Leader

Before you start

We are looking forward to welcoming you in the week commencing 14 September for Starting Block and the beginning of your programme.

Starting Block will help you settle into university and help you get to know your teaching team and course mates. We will help you find your way around, get used to our systems and practice the skills you need to make a strong start. Look out for further emails and explore the Starting Block website with more details.

Your timetable will be available to you via MYUWE (login required) once you have started the enrolment process. Please visit the 'Understanding your teaching timetable' website to find out when your timetable will be published.

Preparing and arrival

You can find everything you need to know about enrolment, Starting Block and the start of teaching on our Preparing and Arrival webpage. Take a look at our website to familiarise yourself with our facilities and services such as the library, study skills, academic support, health and wellbeing support and much more.

Enrolment

Once you have satisfied all admissions requirements, we'll send you your login details for our IT systems to enable you to activate your university email account. Once your account has been activated, you'll gain access to the MYUWE platform where you can register. Note that your login details for MYUWE are different to those used for the UWE Welcome website. Enrolment for September programmes will only be open from August onwards. You can find guidance and further information on our enrolment website.

ID card - upload your photo now

We can only print your ID card if you have added your photo to MYUWE. To avoid delays, upload your photo as soon as you receive login details. For help, go to our student card guidance.

Engage with your programme

Read around your subject

To help you to enhance these skills and be ready to engage with your studies, you should start to read and research around your subject before you arrive.

In terms of pre-reading, we do not issue reading lists prior to the start of the programme. I would, however, encourage you to keep up to date with contemporary business issues. Being aware of these issues will enable you to contribute to the debate in class and will also help prepare you for some aspects of coursework. Reading The Financial Times or The Economist would be good preparation, but you may have a favoured quality publication that will offer the same broad preparation.

Key dates

Please keep a note of the term dates for the academic year. You are required to be available during all exam and resit periods.

Module choices

As a Masters student you will have an opportunity to choose or change your optional module choice in the first few weeks of term. For further information about who is eligible and how to change module choices, please visit the 'How to choose your modules' website.

Be prepared

Access support

Check the information on our Disability web pages so you know what you need to do. If you need any urgent additional mobility or other support to fully access all activities during your studies, contact me as your programme leader.

Get equipped

The University has computers on all our campuses for you to use during your studies. These provide access to our core digital learning tools and any specialist software required for your course. You may have scheduled sessions in computer labs or other specialist facilities, and you will be able to use open-access PCs for self-study.

UWE Bristol licenses many specialist software packages for use on personal laptops for the duration of your course. If you're struggling to meet the financial demands of your course, please contact the Student Money Service team for advice and guidance.

See the UWE webpage for detailed information on choosing your IT equipment including recommended specifications.

For this programme we recommend the **Core Specification**.

International students

The Global Student Support Team offer information and advice to ensure you receive all the support you need to get the best from your time at UWE Bristol. They are here to help you to settle in when you first arrive at UWE Bristol and organise social events to help you adapt to your new environment.

Next steps

Before you arrive, you will receive an online workbook to introduce you to the School and help you to prepare for university life. You can go through the workbook then and it will be revisited during your induction activities.

Who to contact if you have questions

For any questions about the programme, please contact me: **Dr Linh Duong** via email at linh.duong@uwe.ac.uk

---

Please note: this information has been provided on the assumption that you will meet the conditions of your offer and be eligible to take up your place.
