

# External Examiner allocation to modules

**2021-2022** (last updated November 2021)

## The role of External Examiners

External Examiners are auditors of the assessment cycle process. They are unable to enter into discussion with regard to any individual cases and should therefore not be contacted by students in any circumstances. Any concerns should initially be addressed to your module or programme leader.

[Further advice for this can be found here.](#)

Please see the table below for External Examiner module allocation for 2021-2022 which details the External Examiner appointed, alongside their institution.

Please note: there are currently still a number of outstanding appointments and this list will be updated regularly as they are finalised and modules have been allocated.

If you have any concerns, or your module does not appear here, please contact Student and Academic Services on [externalsreport@uwe.ac.uk](mailto:externalsreport@uwe.ac.uk).

## External Examiner Reports

If you wish to view the External Examiner annual report for a module(s) from previous years, please contact Student and Academic Services on [externalsreport@uwe.ac.uk](mailto:externalsreport@uwe.ac.uk) who will be able to provide you with a copy.

[Further information about the responsibilities of External Examiners can be found in the Academic Regulations.](#)

Module Code	Module Title	Provider	Assignment
UA1AFR-30-M	Research Practice	UWE Bristol	Barbara Brownie (Principal Lecturer (Visual Communication), University of Hertfordshire), Helen Potkin (Associate Professor, Kingston University London)
